

## The Power of Creative Questions Teachers Training Intensive

"The Power of Creative Questions" is a phenomenal workshop that keeps you on track on your personal awakening path by showing you how your life is created by your wishes to improve and your intent to resolve problems, which are different forms of questioning. By learning to uncover your specific unfavorable questions, you can reverse them to the new favorable questions that will transform your life!

### How do Creative Questions Work?

? Questioning directs your consciousness to search for and find evidence and answers.

? When you use Creative Questions you feel that something is touching you inside, opening you up and changing your emotional experience.

? If you have unwanted results it is because you are asking yourself unfavorable questions. To change your results and manifest your desired success you need to switch to favorable questioning habits.

## Teachers Training 5-Days Intensive

Arne Rantzén Founder & Co-Creator  
Monica Garaycochea, MD Co-Creator

Because of your interest in the Creative Questions world, you are invited to the Power of Creative Questions Trainers 5-Days Intensive.

The Creative Questions project intends to touch millions of people, because we know that Creative Questions are a cornerstone for people to consciously activate their creative power.

We are looking for people that are conscious, passionate, and, in a genuine way, are attracted to and want to be a part of this project, and who can hold the energy and quality of the work we want to offer.

The Power of Creative Questions Trainers Intensive is a special workshop dedicated to engaging more consciously with the Creative Question "products." Creative Questions is a profound new language and to understand it can take you some time. Through this 5-Intensive you will have the opportunity to explore, in depth, all the possibilities and gifts this powerful new language has for all for us.

How much would you like to and how much can you imagine yourself promoting the Creative Question Cards through your private practice, public presentations, at exhibitions, in bookstores, in Tele-Courses, and the One-day workshop?

We will start the Creative Questions Training Intensive with experiencing a full Power of Your Creative Questions One-Day workshop. The One-Day workshop consists of 4 sections. The following 4 days we will clarify one section at a time and then practice teaching that section.

If you successfully complete the training, you will become eligible to teach the Power of Your Creative Question One-Day workshop and the Creative Questions Tele-Courses.

If you feel called by the Creative Questions and its expansion, you can join the group of people that will become a part of the Creative Questions Trainers Team, who have as a mission to support people in becoming more conscious creators and have a more fulfilling, expansive life.

With joy and appreciation, Arne & Monica

*Awesome Training!*
